

ACCIDENT AND EMERGENCY

This department holds a Charter Mark for its services and serves the community of North Belfast and South Antrim, providing care for over 45,000 attendances annually. An expert multidisciplinary team receives, assesses, examines and treats patients who have been injured or have become acutely ill. The department cares for 2,000 fracture clinic and 1,000 hand clinic attendances. In addition the department carries out 500 minor operations annually. The department is staffed by an expert multidisciplinary team:
