## OBSTETRICS & GYNAECOLOGY

---

This specialty holds a Charter Mark for its services. This service is provided within a 23 bedded maternity unit and a 12 bedded gynaecology unit. In addition Midwife led care is provided within the department where the midwife is the lead professional sharing care with the mother's General Practitioner. A Breastfeeding Counsellor also aims to promote the rate of mothers who breastfeed and provides a flexible parentcraft programme.
